Dear Sam;

What a success — and you played a major role in it. Thank you so much for being a part of the 50<sup>th</sup> Anniversary Celebration. I had several people compliment you.

We had around 700 people, all told, who attended 70 events, some of which were more private, involving strategy and planning.

We now have a number of videos to use on our You tube channel, several we will be able to use for training purposes, and some can be made into first class educational videos. The Saturday night affair was carried live over two Internet channels, one audio and the other visual. There were 500 people on the audio feed, and we have no idea how many on the visual feed, but we did send out 30,000 emails to alert people of the visual Intericast.

The recording by CSPAN will be carried soon, but we are not sure when as of the writing of this note. If their habit remains as they have done in the past, they usually broadcast our events more than once.

All in all, the good will, the energy, and the enthusiasm that have come out of this event will serve as a basis for moving the JBS forward well into 2009.

Thank you again.

Sincerely,

Art Thompson  
CEO
