Dear Dr. Blumenfeld,

It was extremely pleasant meeting with you on Saturday and I look forward to having you on our panel on April 27th. Dr. R. McKendall, who is incharge of affairs will contact you directly. I had suggested to him that you be given the topic of speaking for fifteen or twenty minutes on, 'The Making of a Dyslexic.' I enjoyed that chapter most in the ones that I have completed thus far.

Please let me know if all things are arranged and if I can be of any further assistance, I will be only too happy to co-operate.

Sincerely,
