Dear Sam,

Come to the rescue once more,
I need another copy of the "Pax" paper - and
another, and another! That is 3 copies, one
of which is for a distinguished member of
the hierarchy! You must be beautifully
equipped, and I'm sure this is not asking
too much!

The Tiniv-Vignancourt-Lacoste-
Lareymondie-Bourguin, stay in New York
was a flop, as Holmes for all purposes put the
whole thing into Potter's hands!! But that
is another story the blow by blow account I'll
give you at your next visit to our peasants.
Bluet was fit to be tied!

Very good, please send me the 3 copies
lost-late, thank you, see you soon, and
warmest regards
Chas. Jean.
