Mr. Samuel L. Blumenfeld
No. 6 Roseclaire St.
Boston, Mass 02125

Dear Mr. Blumenfeld:

Please be on the lookout for a manuscript from Regna Lee Wood, a retired college English teacher and rancher's wife in Spiro, Oklahoma. She has long been on the crusade to achieve better teaching of English in the lower schools.

My wife and I have known Regna and her husband, Fox, for nearly forty years, mostly through our joint work on the conservative side of the Republican party in the state of Oklahoma. She is not only a true blue conservative but an extremely good letter writer for her causes. I hope you will make time to give her work some attention and appropriate response.

Sincerely yours,

Evetts Haley, Jr.
