Please . . . Don't Send Me a UNICEF Greeting Card!

(OVER)

Here are the reasons I don't want a UNICEF card:

Some of the UNICEF Greeting Card Artists have the following affiliations:

LUDWIG BEMELMANS, 1959 artist, was a sponsor for the American Committee for Protection of the Foreign Born, cited as communist and subversive by the US Attorney General.

MARC CHAGALL, artist of 1960 card, was connected with "School of Jewish Studies" cited as a communist training school by the US Attorney General; was a sponsor of Stockholm Peace Appeal, cited as a communist-front by the House Committee on Un-American Activities; was a sponsor of American Youth for Democracy, cited by the Attorney General, the House Committee on Un-American Activities and the Senate Internal Security Sub-Committee, as a communist-front.

HANS ERNI, artist of 1957 card, is an ardent fellow traveler and leader of the Swiss-Soviet Friendship Association. He was refused admission to the United States because of his Communist affiliations and activities.

ANTONIO FRASCONI, artist of 1958 card, was a sponsor of the Writers and Artists Against the Mundt Bill, cited as communist and subversive.

DONG KINGMAN, artist of 1959 card, signer of the Artists Front to Win the War, cited as a communist front by HCUA.

DORIS LEE, artist of 1959 card, was a signer for American Committee to Save Refugees, cited as a communist front by HCUA; a signer for American Council on Soviet Relations, cited by both the Attorney General and HCUA; a signer for Artists Front to Win the War, cited as communist by HCUA; signer of Call for American Artist Congress, cited by HCUA; and she signed a statement requesting aid for the Soviet Union and Red China.

BEN SHAHN, artist of the official 1958 UNICEF card, has been connected with 21 communist front organizations and when the House Committee on Un-American Activities questioned him he took the Fifth Amendment 28 times.

PABLO PICASSO, artist of 1961 UNICEF card, is a world renown French Communist and is the artist of the communist "Peace Dove".

The UNICEF cards carry the greeting "Season's Greetings" in five languages, including Russian, but there has never been any report of the Russian people buying these cards.

UNICEF, (United Nations Children's Fund) promotes churches, PTAs and other local organizations to use children to solicit money on Hallowe'en Trick or Treat.

THE THUNDERBOLT

The Official Organ of the National
States Rights Party

The January, 1963 issue of "The Thunderbolt" carries a picture on page 12 that says, "We salute British National Party." Underneath the picture is an article that says, "Patriots in England are building their movement on a strong basis through the British National Party. The BNP of England is similar to the NSRP in many ways and is the closest political movement overseas that resembles the NSRP." The NSRP infers they are Patriotic. Have you ever seen a statement which says they are Patriotic? Their slogan is Honor-Pride-Fight, not Duty-Honor-Country. Thunderbolt says, "The NSRP is a popular mass movement ** which 99% of all white Christians can accept --." Worker and farmers fight Communism and race mixing," or that thousands of American Patriots have turned to NSRP and The Thunderbolt." The Thunderbolt propagandize pan-Nordic solidarity in the USA. The facts show they are allied with international socialists and whose publications have linked and supported George Lincoln Rockwell's activities.

Since the Thunderbolt says the NSRP are similar to BNP then let's look at the BNP. The official organ of the British National Party is called "Combat" and the BNP is the British section of the Northern European Ring which the BNP says on page 5, volume No. 15 of the Jan.-Feb. 1962 issue of Combat, "that the NER was founded in 1960 and now includes the Nordiska Rikspartiet, which has national sections in Sweden, Norway and Iceland, the Boerenaise of South Africa, the American National Party (*a subversive organization) and several groups in other countries." The "South African Observer" is yet another link in the chain of these publications, with the British National Labor Party last Feb. (1960) to form the British National Party. The Northern European bulletin, No. 1 June/July, 1960, states, "The British periodical "The Nationalist" issued by the White Defense League combined with the British National Labor Party last Feb. (1960) to form the British National Party.

An editorial in Combat on page 6, No. 15 entitled, "The White World Struggle" says: -- "Following the issue of an injunction by the mayor against an intended meeting of the National States Rights Party in Fairfield, Alabama, a substitute meeting place was arranged outside of town. Dr. Edward R. Fields (Information Director of the NSRP) and Robert E. Lyons (National Youth Officer, whom BNP members will remember from his visit to Britain last year) (1961) proceeded to the original meeting site merely to inform people arriving there of the change in plan, whereupon they were promptly arrested by a force of 40 police armed with rifles, pistols, shotguns, tear-gas and dogs. They were eventually charged with violation of the injunction and sentenced to 5 days jail and \$50.00 fine each."

Page 7 of No. 15 issue of Combat carries a big picture pertaining to the Rudolf Hess campaign indicating the "Release Hess" campaign was world-wide. Also, "The world-wide campaign in Dec. (1961) for the release of Rudolf Hess, organized by the Northern European Ring, was worth more than a million words on the subject of solidarity and gave valuable experience of comradeship in struggle." "In the U.S.A. members of the NSRP picketed the White House on Christmas Eve as a part of the campaign."

Colin Jorgan, national organizer of BNP on page 6 of Combat discusses "Training for Citizenship in the Racial Nationalist Folk State." The Houston Post 11 Aug. 1962 says, "Colin Jordan, the leader of the National Socialist Movement, a fascist group with an anti-Jewish, anti-Negro platform ---. Last week-end a rural rally the movement organized was attended by the American Nazi Party Leader, George Lincoln Rockwell." The editorial on page 2, No. 15 of Combat says, "The American National Party who have adopted the sunwheel emblem of racial nationalism and are fellow members with BNP of the Northern European Ring, and also other groups such as the American Nazi Party under Lincoln Rockwell." The U.S./France Report No. 4 June, 1962 published by American Committee for France and Algeria on page 5 carried a column "American Communist Agents Provocateurs at Work," says "The American National Party, founded last year by John Patler (alias John Patsalas) and whose New York spokesman is M. Ralph Grandinetti, is the front organization of the American Nazi Party, directed by George L. Rockwell, husband of Thora Thors, believed to be an underground member of the Icelandic Communist Party. The group is an organization of Communist agents provocateurs."

The editorial on page 2 Combat issue No. 15 carries an item entitled, "The American Resurgence." In the United States today, over half of whose 180 million are still of Northern European stock, there is a great resurgence afoot of patriotic, anti-Communist, radical nationalist and Jew-conscious groups all strongly opposed to the ruination of their country by the old regime and its Jewish masters. --- It is still a bit too early to see which way these groups will crystallize but it would certainly appear that the old-fashioned Conservatives, with their isolationist and sometimes anti-European outlook, are losing out to the younger, more virile and predominantly racial groups who realize that the struggle must be fought on an international plane. We have in mind such groups as the National States Rights Party -- who sent two delegates to last year's (1961) Northern European Camp."

The classified advertisements on page 8 Combat issue No. 15 has the following:
The Thunderbolt (organ of the National States Rights Party) Subscription: \$3.00
P. O. Box 783, Birmingham, Alabama, U.S.A.

The fly sheet of the NER used in "Release of Rudolf Hess" campaign in seven languages carries the name of Northern European Ring incorporating with the British National Party in London, Die Boerenasie in South Africa and Nordiska Rikspartiet in Sweden, Iceland and Norway. Also the fly sheet shows -- "and in cooperation: - Movement Social Belge, World Union of Free Enterprise National Socialists, P. O. Box 1381, Arlington, Virginia, U.S.A., New European Order, Dan Marks, National Socialistiske Arbejder Parti and the National States Rights Party, P. O. Box 783, Birmingham, Alabama, U.S.A.

It is obvious what type of an organization the NSRP really is and not what they pretend to be. Unless you are a socialist -- it's phony.

JUSTICE

by Assassination

DEFIANT LEE HARVEY OSWALD . . .
. . . Manacled Suspect Held In Dallas

Note Lee Oswald's upraised, clenched fist, the Communist symbol of the triumph of Marxism by revolutionary violence.

"Justice by Assassination" was written in 1947 and it illustrates that Communist "Justice" is served by world-wide assassinations which will result in anarchy, chaos, disorder, suspicion, hatred and internal confusion.

There has been an incredible attempt (both in this country and in Russia) to transfer responsibility for the assassination of President Kennedy from Lee Oswald to the forces of Communist resistance in this country!!!

FOR OSWALD

Evidence Points To Red Activity

A prosecutor has said that evidence found in the Oak Cliff room of Lee Harvey Oswald proves he was "an active worker in the Communist cause."

Assistant Dist. Atty. William F. Alexander said the evidence included letters in which a Communist leader thanked Oswald "for past services."

Alexander said part of the letters were written on "Communist Party of America" stationery while others carried a "Fair Play for Cuba Committee" letterhead.

"All of them were written in recent weeks and were signed by the same man," the assistant district attorney said. "He is a New Yorker who is an active Communist."

PRESIDENT KENNEDY IN DANGER?

Editor, THE WANDERER:

I was deeply interested in Sheldon Emrey's account ["Wanderer Forum," October 17th] of Air Force men, soldiers with rifles at the ready, Highway Patrol officers, helicopters, guards, etc., being out in full force day and night when President Kennedy visited Duluth. This account is most extraordinary — but even more alarming, and not for the reasons Mr. Emrey gives: "Mr. Kennedy is now showing a visible power in the soldiers that he had not displayed openly before."

Personally, and for many other reasons, I do not think Mr. Kennedy "is now showing a visible power. . . ." Only a few months ago Mr. Kennedy mingled affably with crowds, shaking hands, moving among them, shrugging off Secret Service men and leaving them behind. Why, then, this sudden change?

In the first place, the world is becoming more and more turbulent daily, even hourly. This fact appears only in small items in the newspapers; apparently the press is being cautious about the terrible situation, and this is alarming in itself. Despite that test-ban treaty it is most obvious that Mr. Kennedy is quite aware that peace is not at hand and that, on the contrary, the international situation with respect to Communism is growing increasingly ominous. I receive hundreds of letters a year from all over the world, even from behind the Iron Curtain, from fans of mine. Late-

ly the letters are full of disquiet, a sense of disaster near at hand. Letters from my relatives in England and Ireland express great uneasiness. It is as if free men everywhere now "feel" a monster threat, even though a few months ago they were somewhat amused, as they wrote me, at America's "attitude towards Russia." Human beings have instincts as well as the lower animals, and it is obvious, to me at least, that human instinct is stirring in fear everywhere. We all know that there is not a spot on earth which is not now in a state of suppressed chaos or open danger or marching with soldiers or war or intense uneasiness.

The enemies of freedom and God are everywhere in every country of the West. It is possible that Mr. Kennedy is in personal jeopardy from them, a matter which is not being mentioned in the newspapers. Indeed, it is very probable. Presidents have been murdered before in our history, and in less dreadful times. Among our enemies there are many madmen. I receive quite a number of pro-Communist and "liberal" periodicals, and some are quite inflammatory against Mr. Kennedy. The tone of the "liberal" periodicals — some of our big monthly magazines, for instance — are wrathful against our President. It seems that they had expected him to overthrow the Constitution and set up a sort of crypto-Communist dictatorship. (They call it "progress.") He has disappointed them, and there is no canard too mean for them to print and no sneer

too ugly for some of their pages. His parents, his wife, his children, his brothers and sisters, are held up to ridicule in a lot of the "liberal" and pro-Communist press. This may come as a surprise to many of my Conservative brothers and sisters. As that part of our national press is influenced from Moscow it is easy to see the temper of many of them. And that temper can easily inflame madmen. The very fact that Mr. Kennedy is apparently now being so closely guarded should alarm all of us very deeply, whether or not we agree with the President on political matters. The mere thought of Mr. Kennedy being assassinated should make all of us shudder, for the repercussions in America would be most terrible and disorder would result at the very least.

Then there are the "agents provocateur" who would just love such an "incident." I know. I read some of their literature. It would delight them — and serve their evil purpose — if harm came to Mr. Kennedy. I have already sent a sample to the Department of Justice; it actually suggested that our President be lynched!

Rather than being alarmed, perhaps, we should feel relief that our President is being guarded as Mr. Emrey relates, whether we are Democrats or Republicans. I, for one, am relieved.

TAYLOR CALDWELL,
BUFFALO, N. Y.

Taylor Caldwell is the world's most popular novelist and a keen student of the Communist conspiracy. This article appeared three weeks prior to President Kennedy's brutal assassination in the Wanderer of St. Paul, Minnesota.

For an excellent article on the nature of "The Communist Mind" write to Allen-Bradley Company, Milwaukee, Wisconsin, and ask for a free copy of Dr. Fred Schwarz' testimony on International Communism given before the House Committee on Un-American Activities on May 29, 1957. We believe this will help explain the motives of the Communists regarding the foul murder of our President, John F. Kennedy.

Dear Mr. Mathews:

Many thanks for your renewal check as well as the material you enclosed.

Your research on the NSRP and their British equivalent is quite good. This is an area which still requires a good deal of investigation, and I hope you will keep up the good work. Robert Welch recently published a speech which touches on this subject. The speech was entitled "The Neutralizers." If you haven't read it, do try to get a copy by writing to The John Birch Society, Belmont 78, Mass.

If you should come up with some other interesting findings, I would indeed be grateful if you should let me know about them.

With kind regards,

Sincerely yours,
