Dear Sam:

I enjoyed the opportunity of meeting with you last Friday and especially getting to know you personally in connection with the problem I had with my car.

You were most generous and helpful. In addition, you were an excellent morale booster. Many thanks for your friendship.

I was favorably impressed with the outline of your book to-be on the NEA. I would certainly like to explore with you further the possibility of our company working with you on its publication.

I shall return from my present trip about February 20th. Perhaps soon thereafter you might come up for a luncheon and a visit to our plant. If I don't hear from you shortly after I return, I'll call you.

With kindest regards,

Sincerely,

*Mel Thomson*
